

Your Photoshoot with **ISO PAWT & GRAPHY** by Grant McDonald

Your photoshoot is all about you & your pup! Whether you choose a studio or adventure shoot I will capture your unique relationship & dog's individual personality!

You are the facilitator, my focus is to capture images you will love, and can't wait to share! We can work out all the details together in our pre-shoot communication. But before that, below are a few things you can expect when you book a session with me...

1. We take as much time as your pup needs to warm up to me and my equipment, making sure they are comfortable and having fun is most important to me!
2. Treats, treats, and more treats!
3. We keep things light and don't take ourselves too seriously, expect an environment that reflects this!

What we welcome you to bring

Aside from your furry companion (whom I might try and take home with me) I always strongly encourage you to bring anything special to you or your furry friend, whether it be a sentimental item, clothing, toys, or favorite food! Speaking of food, make sure to bring lots of treats! While it may seem silly, I also try to give your four-legged family member frequent breaks and rewards, be it food or their favorite toy! We also encourage you to bring or send us any ideas you have for preferred poses or backgrounds so we can further tailor your experience to give you exactly what your looking for!
